Description

I am selling a beautiful house on the outskirts of Buga in the Parcelacion Panorama; Colonial style high ceilings, wood details. Built on a single floor that extends through a lot of 2051 meters Strategically located in order to be able to observe beautiful panoramic views of Valle del Cauca from its porch and its windows. This house has: living room, dining room, porch, library, television room, storage room, 3 auxiliary rooms, two of them with private bathroom, all with closet, service room with bathroom and closet, office area with covered internal patio, equipped kitchen with two ovens, a five-nozzle gas stove, hood, auxiliary dining room, pantry, plenty of storage space, two covered parking spaces and an uncovered visitor parking area with a capacity for 6 cars, bright and fresh, a space that surprises with its elegance, dimension and harmony. Another place that will conquer you is its main room, it has two wall-to-wall closets, a private bathroom with a closet, also at the end of the bathroom, a jacuzzi surrounded by natural light and a small garden. It should be noted that the construction was carried out by an architect who knew how to interpret the proportions very well, the harmony with the environment and the use of natural resources such as sunlight and wind currents. Remodeled for the last time in 2011, bathrooms, kitchen, wet area of the main room and its bathroom were intervened, some extensions were made such as the guest room and its bathroom as well as a storage room, more windows were opened in some places and raised the ceiling of the dining room. Do not miss the opportunity to get to know this beautiful place full of comfort and relaxation that can be your place of permanent residence or your rest house; Located approximately one hour from the city of Cali, all its roads are paved within a secure subdivision. We are waiting for you to schedule your appointment.
