Description

I am selling a lot in the Las Palmas variant, between Indiana and the Engineering school, a beautiful lot in a condominium with all the connections, to build the house of your dreams, up to 400 meters on the first level, following the permitted occupancy rates, in a natural environment, 20 minutes from Medellín and 20 minutes from José María Córdoba airport, without toll, with the proximity of Mall Indiana, Lemont, Viva Palmas, restaurants and all services very close.

The condominium offers the typology of the 2-story house that can be adapted for that lot, the materiality is added to the parameters of the design of the houses, thus creating uniformity and harmony in the design.

Location

Variante las Palmas, Medellín, Antioquia
