The lot is located in a highly developed industrial sector, in which industrial parks with various uses have been built. There are also properties developed individually, for private companies. Its proximity to the capital of the republic, and being close to one of the main roads in the country makes it attractive for the installation of a commercial and industrial company. In the urban area of Tocancipa, the commercial, financial and gastronomic needs that a company needs are satisfied. There are also modern hotels in the sector to accommodate officials and visitors.
